An adult signature is required when shipping international special products such as tobacco and/or alcohol.

Signature Required: When the customer selects this service, the driver will require a signature in order to complete the delivery. A US\$2.50 charge per shipment will be assessed.

Weight and Size Limits

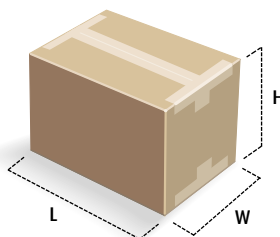

- Maximum weight per package is 150 pounds.
- Maximum length per package is 108 inches.
- Maximum size per package is 130 inches in length and girth combined.

How to Determine the Weight

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Dimensional weight is determined by using the International Air Transport Association (IATA) volumetric standard, which is subject to change without notice.

Dimensional Weight:

- Multiply the length by the width by the height (each rounded to the nearest whole inch) of each package. For a multiple piece shipment, add the results for all the packages together. The total is the cubic size of the shipment.

$$\text{Dimensional Weight} = \frac{L \times W \times H}{166}$$

L = Length in inches
W = Width in inches
H = Height in inches

- Divide the cubic size of the shipment by 166 to determine the dimensional weight in pounds. Increase fractions of a weight to the next full pound. If the resulting dimensional weight is larger than the actual weight of the shipment, use the dimensional weight to calculate the rate. Record both in the UPS Waybill.
- Dimensional Weight applies for UPS Worldwide Express PAK, Box, and Tube.

Service Restrictions

- The maximum value of a package is US\$50,000 and the maximum carrier liability is US\$50,000. Jewelry (other than costume jewelry) is limited to a maximum value of US\$500 per package.
- APO and FPO addresses are not accepted. A complete and correct postal address is necessary for all UPS shipments.
- Cash and negotiable instruments are prohibited in UPS services.
- Shipping the following items is prohibited in all countries where UPS services are available:

- | | |
|--|--------------------------------|
| > Alcoholic beverages* | > Non-domestic animal products |
| > Animal skins | > Perishable items* |
| > Items of extraordinary value | > Personal items |
| > Firearms | > Plants* |
| > Hazardous or combustible articles or materials | > Pornographic materials |
| > Live animals | > Seeds* |
| > Luggage | > Tobacco* |

* Certain items may be accepted by UPS on a contractual basis under specific criteria for known shippers with regular volume and the ability to comply with all applicable regulations. Please contact your local UPS office for information about the restrictions on these products. When shipping these items, an adult signature is required for delivery.

Shipment Pricing

- Multiple-package shipments to a single consignee on the same day listed in a single UPS Waybill.
- Shipment pricing does not apply to UPS Express Envelopes and UPS Express PAKs.
- To determine the rate for a shipment weighing more than 50 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate Price per Lb. shown at the bottom of the rate table on this page. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.
